

## We Are Each Other's Angels

©1995 Chuck Brodsky

C                    D                    G  
Well I hope I see you later  
C                    D                    G  
'Cause it's time for me to go  
C            D                                  Em  
Someone just pulled over  
Am    D  
Sure was good to know you  
C            D                                  G  
Now go answer your calling  
C                    D                    G  
Go and fill somebody's cup  
C                    D                    Em  
And if you see an angel falling  
Am    D  
Won't you stop and help them up

(Chorus:)

C                    D                    G  
'Cause we are each other's angels  
C    D  
And we meet when it is time  
C    D  
We keep each other going  
    Em  
And we show each other signs

Sometimes you will stumble Sometimes you might fall down  
Sometimes you will get lonely With all these people around  
You might shiver when the wind blows And you might get blown away  
You might even lose your colors But don't you ever lose your faith

(repeat chorus)

Thank you for the water I thought I was gonna die out here in the desert but you quenched my thirst  
Let's break a little bread together  
I've got a little manna It was a gift  
From somebody who was passing by And offered me a lift  
Now go answer your calling Go and fill somebody's cup  
And if you see an angel falling Won't you stop and help them up

(repeat chorus)

Note: Since Chuck wrote this song he has made several revisions. This version is mostly as he taught it to me years ago, and he sings it a little differently now. I did wrap in his substitution of the line "With all these people around" for "When there's nobody around." To check Chuck's music out, go to [www.chuckbrodsky.com](http://www.chuckbrodsky.com).
